

ADR^X

ADVANCED ADRENAL SUPPORT[†]

Size: 60 Capsules | **Serving Size:** 2 Capsules | **Servings Per Container:** 30

ADR^X is a scientifically-based formula delivering comprehensive nutritional support for healthy adrenal function. The **ADR^X** formula was designed to promote optimization of the adrenal hormones and reset adrenal homeostasis. It is an ideal formula for post thermogenic cycles.[†]

The adrenals are major endocrine glands in the body and produce a variety of hormones in response to both acute and chronic stress. During acute stress the adrenals secrete both adrenaline (epinephrine) and noradrenaline (norepinephrine). These hormones are involved in the body's "fight or flight" response. The adrenals also produce corticosteroids, such as glucocorticoids and mineralocorticoids in the response to chronic stress using carbohydrates, proteins and fats as fuels and regulating fluid and electrolyte (salt) balance within the body.

ADR^X's special formula combines the benefits of Whole Adrenal (Bovine) and Adrenal Cortex (Bovine) in addition to a robust mixture of herbal adaptogens and standardized extracts. Plant adaptogens are compounds that increase the ability for humans to adapt to environmental stressors. Adaptogenic herbs have been used effectively for hundreds of years primarily in traditional medicine.

Ashwagandha, an adaptogen herb that has been used for centuries, contain withanolides providing multi-functional support for promoting general mental and physical wellness. Cordyceps provides anti-fatigue and anti-stress effects to the formula. Rhodiola contains rosavins and salidroside that act to balance adrenal function to modulate the effects of physical and emotional stress. Astragalus promotes immune support and complements the adaptogenic activity of this formula. Bacopa, a traditional Ayurvedic medicine, has been used for centuries to support the nervous system and promotes relaxation. Magnolia helps maintain healthy adrenal cortisol activity and offers support for stress, mood and emotional well-being. Panax ginseng and Eleuthero function primarily as adaptogens supporting overall adrenal health including physical, chemical, physiological and biochemical factors.

ADR^X is the most advanced and clinically validated formula from MMSN delivering comprehensive nutritional support for healthy adrenal function. The **ADR^X** formula was designed to reset adrenal homeostasis and promote optimization. **ADR^X** is a scientifically-based formula delivering comprehensive nutritional support for healthy adrenal function. The **ADR^X** formula was designed to promote optimization of the adrenal hormones and reset adrenal homeostasis.[†]

KEY FEATURES

- Promotes Broad Spectrum Adrenal Gland Balance and Function.[†]
- Enhances Rapid Adrenal Recovery.[†]
- Ideal for Post Thermogenic Cycles.[†]

KEY MESSAGES

- Scientifically-based formula delivering comprehensive nutritional support for healthy adrenal function.[†]
- Designed to promote optimization of the adrenal hormones and reset adrenal homeostasis.[†]
- The adrenals are major endocrine glands in the body and produce a variety of hormones in response to both acute (fight or flight response) and chronic stress.
- This special formula combines the benefits of Whole Adrenal (Bovine) and Adrenal Cortex (Bovine) in addition to a robust mixture of herbal adaptogens and standardized extracts.
- Ashwagandha, an adaptogen herb, has been used for centuries providing multi-functional support for general mental and physical wellness.[†]
- Cordyceps provides anti-fatigue and anti-stress benefits.[†]
- Rhodiola supports adrenal balance and function to modulate the effects of physical and emotional stress.[†]
- Astragalus promotes immune support and complements the adaptogenic activity of this formula.[†]
- Bacopa, used traditionally in Ayurvedic medicine, supports the nervous system and promotes relaxation.[†]
- Magnolia helps maintain healthy adrenal cortisol activity and offers support for stress, mood and emotional well-being.[†]
- Panax ginseng and Eleuthero function primarily as adaptogens supporting overall adrenal health including physical, chemical, physiological and biochemical factors.
- Advanced formula for efficacious results.
- Convenient and easy-to-swallow capsules.

YOUR ASSURANCE OF QUALITY[®]

Size: 60 Capsules | Serving Size: 2 Capsules | Servings Per Container: 30

Supplement Facts

Serving Size: 2 Capsules

Servings Per Container: 30

	Amount Per Serving	%DV*
Pantothenic Acid	20 mg	200%
Proprietary ADRX Blend: Ashwagandha extract (root), Whole adrenal (bovine), Eleuthero extract (root), Cordyceps extract powder, Rhodiola extract (root), Astragalus extract (root), Panax ginseng extract (leaf), Adrenal cortex (bovine), Bacopa extract (leaf), Magnolia extract (bark)	1,025 mg	**

*Percent Daily Values are based on a 2000 calorie diet.

**Daily value not established.

Directions: As a dietary supplement, take two (2) capsules daily with or without food.

Other Ingredients: Magnesium Stearate, Rice Powder, Gelatin Capsule.

WARNING: Consult a physician before starting any diet and exercise program and before using this product. Discontinue use and call a physician or licensed qualified healthcare professional immediately if you experience unexpected side effects. If taking prescription medications, consult a licensed healthcare practitioner prior to use.

STORE IN A COOL, DRY PLACE IN THE ORIGINAL CONTAINER AWAY FROM MOISTURE AND SUNLIGHT. ALWAYS KEEP TIGHTLY SEALED.

KEEP OUT OF REACH OF CHILDREN.

TARGET MARKET

Primary: Adult athletes and non-athletes seeking a scientifically-advanced adrenal formula to maintain glandular reset, balance and function.

Secondary: Adults seeking an effective adaptogenic formula to assist in dealing with daily stressors.
